

Flint Water Response

Food Establishment Compliance List

The following Flint food establishments have received compliance checks and have been found to be following the requirements for use of City of Flint water as directed by the Genesee County Health Department and the Michigan Department of Agriculture and Rural Development.

Inclusion of businesses on this list does not represent endorsement of the businesses by the Michigan Department of Agriculture and Rural Development, nor does it guarantee food safety at these facilities. The companies listed have demonstrated they are taking precautions to reduce the risk of foodborne illness from water that may be contaminated, as outlined in the Michigan Food Law and Michigan Modified Food Code.

Flint food businesses not included on this list are not necessarily out of compliance with Michigan food regulations. Some businesses have not yet received a compliance assessment from food inspectors. Compliance checks are still taking place, and this list is updated as new inspections are done.

Flint Food Establishments Verified to be in Compliance as of February 4, 2016:
