RE: Our Deepest Sympathies

To Our Brothers and Sisters at the San Bernardino Public Health Department:

We send you our heartfelt condolences. The work of public health often goes unnoticed unless there is a crisis. We know how hard you work every day to protect the community you serve. We also know how important it is to work as a team in accomplishing those tasks. We depend on each other every day. We recognize the depth of your loss.

Watching the stories about the team members you have lost breaks our hearts. We stand in solidarity and want you to know "We Got You!"

With Our Deepest Sympathies,

Your Public Health Family at the Genesee County Health Department
