RE: Excellence in Food Sanitation Awards

The Genesee County Health Department is set to recognize 10 food service establishments for excellent sanitation records. A presentation for the award winners and guests will be held on Tuesday, May 5, 2015 at the Flint Institute of Arts located at 1120 E. Kearsley, Flint as part of the 9th Annual Genesee County Health Department's Public Health Conference. The presentation of awards will begin at 3:40 p.m. in the FIA Auditorium. Media representatives are encouraged to attend.

This year marks the 19th annual presentation of "Excellence in Sanitation" Awards. Each food service establishment in Genesee County has been placed in one of ten categories. The winner in each category was determined by examining the most recent routine inspection reports and conferring with the inspecting Sanitarian.

Establishments with no priority or priority foundation violations and the fewest core violations were selected for the award. Priority and priority foundation violations are those that can lead directly to foodborne illness; e.g., unsafe food temperatures, poor employee hygiene and cross-contamination. Examples of core violations include the cleanliness and condition of walls, floors, ceilings, plumbing repair and dumpster use.

A list of award categories, winners and honorable mentions are attached.
