

Storing Bottled Water

Keep in a
COOL
place

Keep inside during freezing months

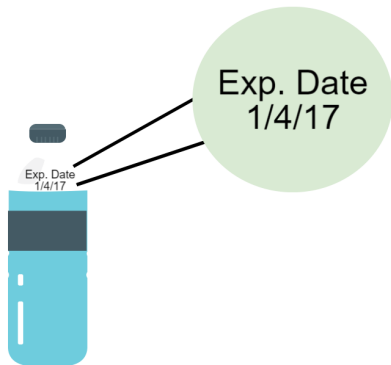

Avoid
OUTDOOR
exposure

Cover bottles if space does not allow for indoor storage

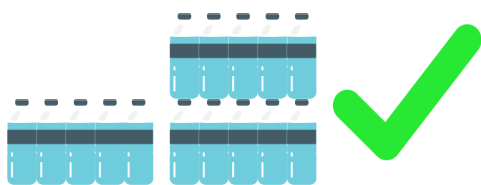

Think of bottled water as food
Keep it CLEAN!

Bottled water can be stored almost indefinitely if handled properly

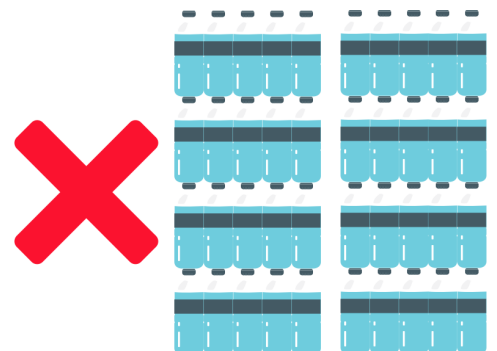

Some bottles have expiration dates

This reflects the company's guarantee on the water's taste, not its safety.

Avoid stacking more than 2 packages at a time

Drink the oldest bottles first
