

COVID-19

PREVENT THE SPREAD

KEEP OTHERS SAFE

Sick? Stay home.
Avoid public areas.
Avoid public transportation.

Stay away from others.
Keep at least 6 feet
between yourself &
others.

Wash your hands often.
Use soap & water for at
least 20 seconds.

**Avoid sharing personal
household items.**
(dishes, drinking glasses,
utensils, towels, bedding,
THC/vaping products, etc.)

**Need to visit a doctor or
urgent care?**
Call ahead -
help them be prepared for
your visit.
Only go to the Emergency
Room if you have a health
emergency.

**Clean "high-touch"
surfaces daily.**
(doorknobs, handles,
light switches, phones,
tablets, remotes, etc.)

Are you sick?
Wear a facemask
-- this may prevent others from
becoming ill.

Monitor your symptoms.
Seek medical attention if your
condition is worsening.
Call a doctor or urgent care FIRST.
Wear a facemask when sick.

Cover coughs & sneezes.
Use your **elbow** or a
tissue, discard
immediately.

**If you've tested positive for COVID-19 infection,
consult a healthcare provider before
discontinuing home isolation.**

Patients with confirmed COVID-19 infection will
remain in **self-isolation** until the risk of secondary
transmission is low.

COVID-19 SPREADS THROUGH CLOSE CONTACT

KNOW THE SYMPTOMS

PRACTICE SIMPLE PRECAUTIONS

FEVER

COUGH

**SHORTNESS
OF BREATH**

**WASH YOUR
HANDS OFTEN**

**DON'T TOUCH
YOUR FACE**

**AVOID THOSE
THAT ARE SICK**
